

# Jazmin Bean, Puppy Pound

Chihuahua, I'm a fucking brat  
Big and strong like a Dobermann  
Rip you apart like a Terrier  
Demolish, you were never there  
Fast as fuck like a pity, oh  
I'm well trained, play dead, sitty, oh  
I'm no pussy, no kitty, oh  
Until you're near, what a pity, oh

Don't need a fucking leash  
Not scared to use my teeth  
Don't need a fucking leash  
Not scared to use my teeth

Normally I'm no stray, you won't find me in the lost and found  
So why do you make me feel like I'm in the goddamn puppy pound?  
And normally, I know I'm a pedigree, I'm a fucking hound  
So why do you make me feel like I'm in the goddamn puppy pound?

LET ME OUT, LET ME OUT  
(Why do you make me feel like I'm in the goddamn puppy pound?)  
LET ME OUT, LET ME OUT  
(Why do you make me feel like I'm in the goddamn puppy pound?)

I don't cry like a fucking mutt  
Muzzled up, holding my jaw shut  
I don't whine, I am well-trained  
Gold medal, how I win the race  
And then you'd come and shoot me down  
On a leash, know that you'd be proud  
I can bite, oh I can spin around  
But when I'm with you I don't make a sound

Normally I'm no stray, you won't find me in the lost and found  
So why do you make me feel like I'm in the goddamn puppy pound?  
And normally, I know I'm a pedigree, I'm a fucking hound  
So why do you make me feel like I'm in the goddamn puppy pound?

LET ME OUT, LET ME OUT  
(Why do you make me feel like I'm in the goddamn puppy pound?)

So go and buy another puppy like it's brand new  
You don't love me like I love you  
I'll rot away in the puppy pound  
But I'm a fucking tiger in a damn zoo

What is it that you can't see in me?  
Is it too much that I'm being me?  
Is it too much that I'm being me?  
Me?

Normally I'm no stray, you won't find me in the lost and found  
So why do you make me feel like I'm in the goddamn puppy pound?  
And normally, I know I'm a pedigree, I'm a fucking hound  
So why do you make me feel like I'm in the goddamn puppy pound?

LET ME OUT, LET ME OUT  
LET ME OUT, LET ME OUT  
(Why do you make me feel like I'm in the goddamn puppy pound?)  
LET ME OUT, LET ME OUT  
LET ME OUT, LET ME OUT  
(Why do you make me feel like I'm in the goddamn puppy pound?)

I don't need a fucking leash (LET ME OUT, LET ME OUT)

I'm not scared to use my teeth
