

# Jazmine Sullivan, Break My Little Heart

If you could read my mind  
You'd know I'm for real this time  
I been made a fool so much  
Til' I'm scared to fall in love  
Please don't be a fool like the rest  
Give me a hundred percent  
Show me that the others wasn't for me  
And you; I'll be sure to get the best out of me  
(Find a way to turn me on)  
If you find a way, maybe we can make a deal  
Promise me boy, don't you lead me on  
You don't know how I feel  
Please promise me  
If you knew what I've been through  
You would let me not be used  
So a few I can't explain  
Never thought I'd fall in love again  
Feels so right (so right)  
Something I been missing all my life  
Say you won't do me wrong
