

# JC Chasez, Shake It

This electricity  
It's too much for me  
The way you shake my bones  
(Oh the way you shake my bones)  
Girl I've set too low  
(Low)  
And do you know my name?  
(Do you know my name?)  
Does it make a difference anyway?  
The way you love to tease  
And tonight I'm on my knees, oh  
Sugar  
Shake it, do it, give me what you got  
Oh shake it, do it, give me what you got, girl  
Shake it, do it, give me what you got  
Oh shake it, do it, give me what you got, girl  
This electricity  
It's too much for me  
The way you hypnotize  
(Hypnotize me)  
With your side to side  
(With your side to side)  
Wanna take some time  
And get behind your eyes  
Only want to please, you  
Cause you'll be making it and making it electric, oh  
Sugar  
Shake it, do it, give me what you got  
Oh shake it, do it, give me what you got, girl  
Shake it, do it, give me what you got  
Oh shake it, do it, give me what you got, girl  
Do you know  
I want a spark of your touch  
I wanna taste you so much  
While my mind is steaming  
Do you know  
Want a spark of your touch  
I wanna taste you so much  
We should be making it and making it electric, oh  
Making it electric, oh  
I'll do it to you're satisfied  
Sugar  
Shake it (shake it), do it (do it), give me what you got  
Oh shake it (shake it), do it (do it), give me what you got, girl  
Shake it (shake it), do it (do it), give me what you got  
Oh shake it (shake it), do it (do it), give me what you got, girl  
Running through my body is too much for me  
Running through my veins, through my circuitry  
Running through my body is too much for me  
Running through my veins, through my circuitry  
Shake it, do it, give me what you got  
Shake it, do it, give me what, give me what, give me what you got  
Shake it, do it, give me what you got  
Shake it, do it  
And do it till you're satisfied  
Making it electric, oh  
And do it till you're satisfied  
And do it till you're satisfied
