

Jean Michel Jarre, Lady

Lady, lady when you're lonely
Maybe when you're lonely
Will you know why
When you sing a song again
Then you will sing a friend
Lady [lady] lady singing lonely
If you're ever lonely you'll realise
When you sing a song again [lady]
Then you will sing a friend [lady]
Lady, lady, make it better
Sing a song or be forever lonely
Oh, lady, please
Sing a song, make it better
Sing it now or stay forever lonely
Oh, lady, please
When you sing a song again
Then you will sing a friend
Lady, when you're singing lonely
Maybe then and only you'll sing a song
Then the song will bring a friend
Please, sing the song again
Lady, lady, make it better
Sing the song or be forever lonely
Oh, lady, please
Sing the song, make it better
Sing it now or stay forever
Lady, lady, make it better
Sing the song or be forever lonely
Oh, lady, please
Lady, lady, make it better
Sing a song or be forever
Sing the song, make it better
Sing it now or stay forever lonely
Oh, lady, please
