Jean Michel Jarre, Together Now

Oh my dear friend together now We will never stop To brave it through So my dear friend Here we are We will move on move on Gazing on the Edge Jumping off the Edge Lying on the Edge Diving off the Edge Oh my dear friend Together now I'll give all I've got Reach for the sun Oh my dear friend Tall and proud We will be strong be strong We're gazing on the Edge We're jumping off the Edge We're lying on the Edge We're jumping off the Edge Your eyes full of strength So full of faith Believe in yourself Have courage now Oh my dear friend Hand in hand We will be strong be strong
