

Jean Shepard, I Hate Myself

I hate myself for making you cry forgive me darling for days gone by
I hate myself for breaking your heart I've been so lonesome since we've been apart
Why won't you take me back again I was wrong I realize
Can you learn to trust me after telling you those lies
It's you I love there's nobody else I know I have hurt you and I hate myself
[guitar]
Why won't you take me back again...
