

Jean Shepard, It's Enough To Make A Woman Lose Her Mind

I've almost read the ink right off the paper
I've read your letter through so many times
With every word I ache and ache to hold you
It's enough to make a woman lose her mind
I wish the miles from home that could be a place
For I'd be on the first place I could find
But you love someone else the way I love you
It's enough to make a woman lose her mind
The world for me is turning to a prison and I'd become a prisoner serving time
For I'm in love one I'll never marry it's enough to make a woman lose her mind
It's enough to make a woman lose her mind
