

Jean Shepard, There's A Big Wheel

There's a big wheel there's a big wheel he's a whole lot bigger than you
There's a big wheel there's a big wheel he's a whole lot bigger than me

When you think you've got the world by the tail
And you don't have to worry bout fame
When you think the world can never hold you down do you ever think of his name
There's a big wheel...

[guitar]

Do you ever stop to think how you got that worldly fame
Don't you know he's a watching over you anytime he can blood out your name
There's a big wheel...

[steel]

If you think that you're a big big shot and everything you do is a whiz
Just remember brother that everything you've got is not your remember it's his
There's a big wheel...
