Jean Shepard, What Went Wrong

Minutes passed and days're gone still I don't know what went wrong
For you and me I just don't see
How one day you say you love me next day you're far from me what went wrong
What did I do or say to make me all alone today
I'd like to know I need you so
Minutes passed and days're gone but still I don't know what went wrong
For you and me

Nighttime hours bring such sorrow I cry and then pray tomorrow
You'll be home you'll be home
When the morning streaks the sky and you're not here I wanna die I'm so alone
What did I do or say...
What did I do or say...
