

Jeanette, Be In Heaven

I'm so in love with you, it's forever
I'm never feeling lonely
baby, 'cause you're by my side
I'm going crazy and not really
think you should be here tonight.
Hoping I can taste your kisses all the time,
So rag me baby 'cause you make me feel so fine.

Refrain:
We will be in Heaven
We will be in Heaven
I just can't anymore
I'm dreaming of you
We will be in Heaven
We will be in Heaven
I'm so in love with you it's forever, forever

When I hear the talk of all my friends,
I'll have to make them seem
that a Love is built forever
they were all be turned in deep
maybe we should do another time
thats an irret that I want and more and more

Refrain

We will be in Heaven
We will be in Heaven

I'm so in Love with you babe
I'm so in Love with you babe
I'm so in Love with you babe
I'm so in Love with you babe
together.
