

# Jeanette, How it's got be

Uhuh (come on) Oh yeah, that's how it's got to be  
refrain:

Babe, you will have to earn my love  
Oh yeah, that's how it's got to be  
Because I just want to see you're good enough  
Oh yeah, that's how it's got to be  
I'm tellin' you darling  
Don't want any nonsense  
I think that's appalling  
Man, I tell you I've been there before  
You mustn't be shy boy  
That ain't too fulfilling  
Just needin' a big joy  
I have started looking around  
You will have to complete my life  
I know that's a grind  
It would be so kind  
refrain

You gotta seduce me  
I'm not very prudish  
I'm willing to give you  
Everything I know your heart desires  
You're giving french kisses  
Like you've done your homework  
And I'm gettin' blisses  
Sugar, I've been craving for you  
You will have to excite my heart  
That'll be a start  
Gotta fit the part  
Oh baby  
You will have to complete my mind  
I know that's a grind  
It would be so kind  
Na, na na na na na...

refrain  
You will have to complete my life  
I know that's a grind  
It would be so kind  
Na, na na na na na...
