

# Jeannie C. Riley, I Almost Called Your Name

We were dancin' and he led just like you used to  
He squeezed my hand and he teased me just like you used to  
And so close to my lips the words came  
That I almost yes I almost called your name

Yes I almost called your name  
In so many ways you both are the same  
The only difference in the two is that I I still of you  
Oh yes I kissed him but I almost called your name  
[ guitar ]  
Yes I almost called your name...  
Yes I kissed him but I almost called your name
