

# Jeannie Ortega, I Like The Boyz

I like the boyz

I know what they want

'Cause I gotta like that (let me see what you got!)

I like to me, on the middle of the floor with my favourite boy

Feel free to explode, my ...

And my extra shiny gloss, we gone doing real big

Imma working it for sure

Ooewhoho (4x)

I like the boyz

And they like me right back

I know what they want

'Cause I gotta like that

Let me see what you got!

Let me see what you got!

I like the girls

And they like me right back

I know what they want

'Cause they gotta have that

Let me see what you got!

Let me see what you got!

Jump down, to the ground, turn around

Pop, pop, pop and freeze. Pop, pop, pop and freeze

I see you boys me watching me

Love and can't you see

Ha, ha, hey what's ya name

Now you making it hard for me

Trying to ... me

I like it, I like you, stay!

Ooewhoho (4x)

I like the boyz

And they like me right back

I know what they want

'Cause I gotta like that

Let me see what you got!

Let me see what you got!

I like the girls

And they like me right back

I know what they want

'Cause they gotta have that

Let me see what you got!

Let me see what you got!

Jump down, to the ground, turn around

Pop, pop, pop and freeze. Pop, pop, pop and freeze

You know you want it, you know you really want it

Your so exciting, you know I know you like it

You know you want it, you know you really want it

Your so exciting, you know I know you like it

I like the boyz

And they like me right back  
I know what they want  
'Cause I gotta like that  
Let me see what you got!  
Let me see what you got!

I like the girls  
And they like me right back  
I know what they want  
'Cause they gotta have that  
Let me see what you got!  
Let me see what you got!

Jump down, to the ground, turn around  
Pop, pop, pop and freeze. Pop, pop, pop and freeze
