

# Jebediah, Ski Trip

I don't want to let you down,  
But I cannot have you hanging around.  
Hope you didn't fall for me.  
I am somebody that you could never see.

Never been like this before.  
Tell me that there's something more.  
There never was a miracle in the snow.  
Should've let you know before I let you go.

You know I didn't act my best.  
I always thought I was a cut above the rest.  
Cos when you've been hurt yourself,  
Somehow makes it easy hurting someone else.

Never been like this before.  
Tell me that there's something more.  
There never was a miracle in the snow.  
Should've let you know before I let you go.
