

Jebediah, Thought About It

It's cold in here, it's cold out there
Forget it man, cos I don't care
Don't need to know anyway
Thought about it yesterday

Yeah! Leave me alone. Yeah!

Bite me man, cos I hate you
All the shitty things you do
You must have had a lot of nerve
Hope you get what you deserve

Yeah! Leave me alone. Yeah!

Beat me up again, cos you don't understand
Beat me up again everyday
Beat me up again, cos you don't understand
Beat me up again everyday, day
