

Jedd Hughes, The Only Girl In Town

Written by Jedd Hughes, Terry McBride and Tommy Lee James

You're not the only girl in town
All my friends keep tellin' me
You're not hte only girl in town
But you might as well be

There's more than one star in my sky
There's more than one fish in the sea
You're not the only girl in town
But you might as well be

Chorus:
When you miss someone this much
You shut the whole world out
It's like I'm standing all alone
In the middle of a crowd

I was a fool to let you go
And it took losing you to see
You're not the only girl in town
But you might as well be

Repeat chorus

You're not the only girl in town
All my friends keep tellin' me
You're not hte only girl in town
But you might as well be
