Jedi Mind Tricks, Black Winter Day

"""Chorus"""
Torn apart now
I cannot have this combination
Confusion, of your related
Torn apart now
These are the choices we made
Do I follow or walk away

"""Verse 1 - Vinnie Paz"""

Yeah, most of my adult life I've been torn into two If you love me, then I love you and this song is for you It's tight hard when you know that your sick And your shorty seein' you as an emotional wreck The closer I get, it's like the farther I feel And my heart has turned into this heavy armour and steel It's hard to be real, hard to listen to the dumb shit And I take a lot of pills 'cause it numbs shit I wish I had another path to follow Wish that I could be a man and learn to pass the bottle A graphic novel, my future a box or an urn Havin' dreams about death, but I'm not that concerned And I'm diseased, through the seasons they turn Watchin' leaves from the trees turn disease and they burn I'm eager to learn, but I'm holdin' my breath And everyday alive is just another closer to death

"Verse 2 - Vinnie Paz"""

Yeah, I've been alive longer then I expected to be And took care of everything that's expected of me Took care of my girl and my mother I told her that I'm always here and I love her I handle shit differently 'cause I'm grown now And the truth is that I'd rather be alone now I'd rather not have to deal with the day And I hate when people ask me how I'm feelin' today My brother Rasul, we had a beef and grudge But we grew up together, cousin, so it's peace and love I wish all the best, I wish all the shine I wish I didn't wanna offer my thoughts with a nine I'm thoughtful and kind, but I'm evil alas But everything I love has turned to a tedious task I feel that life a waiting game for people to pass But nobody ever want you to see through the mask

"""Verse 3 - Vinnie Paz"""
Yeah, I don't wanna be a burden to y'all
I just wanna know exactly what my purpose is for
I feel like nothin' I do is ever right

And that I'm actin' a fool another night
And I admit, I don't take care of myself
So I do a lot of thinkin' and preparing myself
'Cause the fact is my father died young and I might, too
And it ain't any way to tell what I might do
I don't wanna leave my mother behind
I don't want for her to cry, because the struggle is mine
I don't want for her to grind no more
I don't want for her to work a 9-to-5 no more
I ain't have to work a fuckin' 9-to-5 before
So I'm tryin' to get this money to provide for y'all
And if the shit ain't work out and I'm suddenly gone
Just remember that the motherfuckin' love isn't gone
Pazman
