turn the television off cousin it's a tool for them to clog the mind conservitism, liberalism, they divide the line the natural feelings of a child is to be calm and kind then, they show you ads for the marines, when they decide it's time so they can send you to a war, behind their fog of pride then send you home, and ??? but not previde a dime and the news tell you, "cops is on the block for people" i'm a put it simple and plain: cops is evil take the television show, cops, for example that's the shit they want america to watch and sample never showing you how dirty that they really is and that they hide behind their badge, and that they're really bitch i ain't never met a pig in my life that i ain't wanna catch his body on the jig of my knife that's another fuck'n topic for another day i'm a tell you how they try to get you in another way they tell you that there's something wrong you; you need their drugs but their ain't nothing fucking wrong with you, their being thugs they sell drugs in commercials, at the same time lock a motherfucker up for the same crime
