

# Jeff Bates, Leave The Light On

I love the way your hair lays on your shoulders  
And how it shines there in the light  
I wanna hold 'cha, so come a little closer  
I dont want to miss a thing tonight

Baby, leave the light on  
I wanna see how beatiful you are  
Baby, leave the light on  
I dont wanna be blinded by the dark  
I wanna look inside your lovin eyes  
And watch you when you breath  
Leave the light on, when you're makin love to me

I love your face,  
Girl you're so pretty  
I love your skin, it feels so soft  
And I locve that look  
That tells me your ready  
As you let me take your nightgown off

Baby, leave the light on  
I wanna see how beatiful you are  
Baby, leave the light on  
I dont wanna be blinded by the dark  
I wanna look inside your lovin eyes  
And watch you when you breath  
Leave the light on, when you're makin love to me

Baby leave the light on

I wanna look inside your lovin eyes  
And watch you when you breath

Baby leave the light on  
When you're makin love to me
