

Jeff Buckley, Alive

i
i feel the time is coming
i
i walk into your eyes
oh
i don't care if the clock is turning
cuz i'm going to the other side
you either die
or you keep on burning alive
and i am burning

i
i walked a long long distance
i
i'm feeling sore inside
oh
i don't care if the sky is falling
cuz i'll never get to see the light

you either die
or you keep on burning alive
and i am burning
and i am burning
