Jeff Buckley, Everybody Here Wants You

Twenty-nine pearls in your kiss A singing smile Coffee smell and lilac skin Your flame in me

Twenty-nine pearls in your kiss A singing smile Coffee smell and lilac skin Your flame in me

I'm only here for this moment

I know everybody here wants you I know everybody here thinks he needs you I'll be waiting right here just to show you How our love will blow it all away

Hmm, such a thing of wonder in this crowd I'm a stranger in this town You're free with me And our eyes locked in downcast love I sit here proud Even now you're undressed in your dreams with me

Oh, I'm only here for this moment

I know everybody here wants you I know everybody here thinks he needs you I'll be waiting right here just to show you How our love will blow it all away

I know the tears we cried Have dried on yesterday The sea of fools has parted for us There's nothing in our way My love

Don't you see, don't you see? You're just the torch to put the flame to all our guilt and shame And I'll rise like an ember in your name

I know I, I know I I know everybody here wants you I know everybody here thinks he needs you I'll be waiting right here just to show you Oh let me show you That love can rise, rise just like embers

Love can taste like the wine of the ages, oh babe, And I know they all looks so good from a distance But I tell you I'm the one

I know everybody here, well, thinks he needs you Think he needs you And I'll be waiting right here just to show you.
