

Jeff Buckley, New Year's Prayer

Oooooo, Fall in light, fall in light. Fall in light, fall in light
Feel no shame for what you are [x5]
As you now are in your blood
Fall in light

Feel no shame for what you are
Feel no shame for what you are
Feel it as a water fall
Fall in light, ooh
Fall in light, fall in light, Fall in light, ooh
Fall in light, fall in light, fall in light
Grow in light

Stand absolved behind your electric chair, dancing
Stand absolved behind your electric chair, dancing
Past the sound within the sound
Past the voice within the voice

Leave your office
Run past your funeral
Leave your home, car
Leave your pulpit
Join us in the streets where we
Join us in the streets where we
Don't belong, don't belong
You and the stars
Throwing light

Ooooooh
Fall, fall
Ooooooh
Fall in light, fall in light. fall in light
Oooooh
Fall in light, fall in light fall in light
Grow in light
