

# Jeff Buckley, What Will You Say?

It's been such a long time  
And I was just a child then  
What will you say  
When you've seen my face?

Time feels like it's flown away  
The days just pass and fade away  
What will you say  
When you've seen my face?

It's funny now  
But I just don't feel like a man  
What will you say  
When you've seen my face?

Mother dear, the world's gone cold  
No one cares about love anymore  
What will you say  
When you seen my face

Father do you hear me?  
Do you know me?  
Do you even care?  
What will you say  
When you've seen my face?

My heart can't take this anymore  
What will you say when  
You've seen my face?

Mother dear, the world's gone cold  
No one cares about love anymore  
What will you say  
When you've seen my face

Father do you hear me?  
Do you know me?  
Do you even care?  
What will you say  
When you've seen my face?
