

# Jeff Buckley, Yard Of Blonde Girls

Through the yard  
Through the yard of blonde girls  
Through the river and the sea  
Gold sharks glittering  
A tree of white  
Breaks the earth  
The streets where Lola played

Very sexy, very sexy, okay, okay

Fear, we may come [x4]  
So run, run, run, run, run, run, run.

It's in your heart  
It's in your art, your beauty  
Even in this world of lies  
There's purity  
You've got innocence  
In your eyes  
Even in this world of lies

You're still hopeful  
Very sexy, okay, okay

Fear, we may come [x4]  
So run, run, run, run, run, run, run

Through the yard  
Through the yard of blonde girls  
Through the river and the sea  
Gold sharks glittering  
A tree of white  
Breaks the earth  
The streets where Lola played

Very sexy, very sexy, okay, okay

Fear, we may come [x4]  
So run, run, run, run, run, run, run.
