

# Jeff Deyo, Falling Down Like Rain

I can see a change in me  
Since you came into my heart  
I can find a peace inside  
Since you came into my heart

I can feel this heart of mine  
Falling for my King  
I can feel this love of Yours  
All around

## CHORUS

Falling down like rain  
Your love is falling on my face  
Falling down like rain  
Your love is here  
Your love is near

Love is here in place of fear  
Since You came into my heart  
Gone is doubt, now faith abounds  
Since You came into my heart
