

Jeff Deyo, Lose Myself

Here I am longing
I can't stop this longing
For more of you in me
Lost in this moment
This beautiful moment
This prayer I sing to you
I'm crying out to you
To change the way I think
To steal away my pride
And make me new

CHORUS

Saturate my life
Fill every part of me with you
Drown me in you love
Let me lose myself in you

Here I am longing
I can't stop this longing
For more of you in me
Lost in the moment
This beautiful moment
This prayer I sing to you
I gladly come to you
I want no place to hide
I'm pouring out my heart
To give you room

CHORUS
