Jeff Scott Soto, How Long?

That ain't no way 2 treat me, cuz I deserve better I guess it really don't matter much now Lately I feel the danger, I'm losin' the connection I'm findin everyday, here 2day, gone away

U keep me guessin', with your pretendin' I don't know left from right, right from wrong, no I'm 'bout 2 give it up, kick u 2 the curb now...

How long - do I sit & amp; wait 4 u 2 fin'lly come around?

How long - b4 I say it's time 2 go?

How long - do I stop & amp; stare while u take it 4 granted?

How long - I gotta feel, I gotta know?

Ain't no 2 ways about it, you're caught up in delusion You're much 2 cynical, illogical now U think the world evolves around the way u wanna see it Your crime's in every move, now u lose, oh

U may be beautiful, but I see right through u It's all so black & Dack white, white 2 gray, fade away I'm bout 2 take u out, send u back into the fire...

How long - do I sit & amp; wait 4 u 2 fin'lly come around?

How long - b4 I say it's time 2 go?

How long - do I stop & amp; stare while u take it 4 granted?

How long - I gotta feel, I gotta know?

Tell me why, do u try, livin lies, I'm runnin outta time All the same, all the games, well I don't wanna play Doing time, such a crime, say goodbye 2 what u don't know Cuz I'm on my way...

How long - do I sit & amp; wait 4 u 2 fin'lly come around?

How long - b4 I say it's time 2 go?

How long - do I stop & Stare while u take it 4 granted?

How long - I gotta feel, I gotta know?
