

Jefferson Airplane, She Has Funny Cars

Every day I try so hard to know your mind
And find out what's inside you
Time goes on and I don't know just where you are
Or how I'm going to find you
You can do whatever you please
The world's waiting to be seized
You can collect all the neglect
Or all the self-respect you need, what you need
And I know... and I know... and I know
Your mind's guaranteed
It's all you'll ever need
So what do you want with me?
We live but once
But good things can be found around
In spite of all the sorrow
If you see black
You can't look back
You can't look front
You cannot face tomorrow
Some have it nice
Fat and round, flash, paradise
They're very wise to their disguise
Trying to revolutionize tomorrow
And I know... and I know... and I know
Your mind's guaranteed
It's all you'll ever need
So what do you want with me?
