

# Jefferson Airplane, The Farm

Bought myself a farm way out in the country  
Took to growin lettuce milkin cows and honey  
Bought myself a farm (way out in the country)  
Bought myself a farm way out in the country  
Spent time in the hayloft with the mice and the bunnies  
Spent time in the country  
Yes it's good livin on the farm  
Ah so good livin on the farm  
Yes it's good livin on the farm  
Here comes my next door neighbour comin down the road  
He always looks so regal ridin on his toad named Lightnin  
The toad's name is Lightnin he's ten hands at the shoulder  
And if you give him sugar you know he'll whinny like a boulder  
Yes he will  
Well I gotta get back to work now and clear away some logs  
Ah the sun is shinin westwards yeah I think I'll saddle up my frog and  
Get outta here
