

# Jefferson Starship, Ai Garimasu (There Is Love)

Al child you are timeless and I love you  
Child that I see  
And I see you  
Tryin to lean towards kindness  
Now thats what I like to see  
Thats what I like to see  
I want to see your love  
And I want to feel  
I wanna feel your love  
Al Garimasu sometimes loving in the rain  
Some feel like steel some taste like, candy  
Al Garimasu the same in any language  
The same in any name  
Call it what you feel  
Call it whatevers handy  
We dont, have to know the name, no  
We dont, have to have the same name, oh  
We dont, have to have any name at all  
All cause you gave me your love  
And now I know, just exactly who to call  
(Break)  
Oh, thats what I  
I like to see  
I like to see your love  
And I wanna feel  
I wanna feel your love  
We dont, have to know the name, oh no  
We dont, have to have the same name, oh  
We dont, have to have any name at all  
Cause you gave me your love  
And now I know, just exactly who to call
