

Jefferson Starship, Crazy Feelin'

I love you so you'll never know
don't ever stop believing
out of our minds time after time
it's such a crazy feelin'

Feelin' good feelin' high
feel so free I wanna fly
feel the sun feel the ground
feel it just go round and round

I wanna stay day after day
and just a little longer
you close to me I gotta be
you know the love gets stronger

Ooo turnin' like a wheel
changin' it to real
whenever we are one
it's true it's always me and you
thru any kinda weather...
