

Jefferson Starship, Keep On Dreamin'

I used to watch 'em
Wide eyed with wonder
Thought they were falling stars
And you could wish
That dreams would someday
Someday would come true
When I'd slay dragons
And win the hand of the
fairest maiden
Keep on dreamin'
Of the way it could be
In a fairy tale land
With a magic lady
Keep believin'
In the way it could be
In a make-believe world
With your fantasy
In a magic kind of love

Now that I'm older
Still lookin' for that bed of roses
That bowl of cherries
I can bury my face in
I can almost taste it
Maybe I'm make-believin'
But if I'm dreamin'
Baby please please don't wake
me now
(Repeat chorus)
A magic kind of love
A magic kind of love
Now that I finally found love
I don't need no magic potion baby
'Cause when we're together
We are the magic kind of
The magic kind
In your fantasy in a magic kind
of love
