

Jeffree Star, Eyelash Curlers and Butcher Knives

I'm a fucking star,

I'm Jeffree star

I got my hair fixed, makeup done, I'm ready to go

Step in the club and you know I'm the show

Diamonds in my teeth are always a' glow

Blinded as I speak, mesmerized by my flow

[pre chorus]

You can't say no

Sooo letts go

Let's go

[chorus]

Spit on the dance floor to know where you are

Slip to the beat cuz you wanna go far

Know you loooove

An I looove that I'm Jeffree Star

Spit on the dance floor to know where you are

Slip to the beat drivin' in my pink car

Know you loooove

An I looove that I'm Jeffree Star

Cameras are flashin', everyone's askin' what I'm gonna do tonight..

Who I'm gonna do tonight..

We have our haircut, eyes shut we're already there

Don't know their names an I dont really care

Cuz I only suck dick and just to be fair,

Your not on the menu, you'll never compare

[chorus]

Cameras are flashin', everyone's askin' what I'm gonna do tonight..

Who I'm gonna do tonight..

What I'm gonna do tonight..

Ask Paris Hilton who I'm gonna do tonight..
