

Jeffree Star, So Fierce

You taste like heaven, baby
A brand-new craving lately
Surround me - I'm drowning
Let me hit this, so delicious
You make me feel
So fierce
You make me feel
So fierce
Take it off, take it off
Don't stop, don't stop
Take it off, take it off
Don't stop, don't stop
You're my prescription, baby
I'll take you... now take me
Outlast me - I'm crashing
Heartsick passion - forever lasting
You make me feel
So fierce
You make me feel
So fierce
Take it off, take it off
Don't stop, don't stop
Take it off, take it off
Don't stop, don't stop
You're so sweet but you gotta know something
I want it, need it, gotta-gotta have it my way
You're so sweet but you gotta know something
I want it, need it, gotta-gotta have it my way
You're so sweet but you gotta know something
I want it, need it, gotta-gotta have it my way
You're so sweet but you gotta know something
I want it, need it, gotta-gotta have it my... way
Gotta have it my way
Take it off, take it off
Don't stop, don't stop
Take it off, take it off
Don't stop, don't stop
