

# Jeffries Fan Club, Goodbye Theme

You wasted all my time what could I do  
I wanted you to go away  
I felt so sorry for you  
I guess that's why I let you stay  
All the things that we had to do  
All the places we could have been  
It took so long because of you  
I hope you're happy in the end  
Goodbye  
And don't come back again  
And don't say you're my friend  
Cuz you drive me crazy  
I taught you everything I know  
But you still don't know a thing  
I told you life was better slow  
I guess you didn't hear  
I guess you weren't listening
