

# Jeffries Fan Club, Nothing to Prove

When all my hope is gone and all my dreams are too  
What am I gonna say when I'm face to face with you  
I gotta tell you how it is but your educated mind won't hear  
You're so quick to talk but short to listen  
I gotta make it clear  
I got nothing to say  
I got nothing to prove  
I'd rather throw it away than give it all to you  
I know who you are but I'm not too impressed  
Sometimes you go too far and I think just like the rest  
Don't push me too far  
I might get carried away  
Don't push me too far today  
When we first came you acted like you were too good  
You couldn't make us feel at home  
We had to do it by ourselves like I knew we could  
We had to do it all on our own
