

Jeffries Fan Club, One More Time

I felt I couldn't go on no more
Phone rang to a voice I'd heard before
A voice that told me what I'd love to hear
Ain't it funny how things could be so wrong
Deep down inside you know it won't take long
It only takes a word to make you smile
Just one more time and I'll be alright
Just one more time from you
Let me hear it one more time and I'll be alright
Just one more time from you
Let me hear it
She came to me with a broken heart
A little confused it could be so hard
Said she needed me to calm her down
So I told her everything would be alright
And it's okay to be alone sometimes
If that don't work you've always got your friends
Let me hear it again
Words from a friend
Won't you tell me what I want to hear
I came to her with a broken heart
A little confused it can be so hard
I said baby won't you please calm me down
She told me everything would be okay
People could be so cold these days
Ya gotta look at things another way
