

Jem And The Holograms, Always There In My Heart

Season come, season go
But your always there in my heart
Rain drops fall, breezes blow
But your always there in my heart
Photo's fade, Youth has gone
But your always there in my heart
Time goes by, Life goes on
But your always there in my heart

Your a part of me, as I am of you
I can't leave you behind
Your a part of me and whatever I do
Your always on my mind

Through the years, joy and tears
Your always there in my heart
Always near, ever dear
Your always there in my heart

Always there in my heart!
