

Jem, California Sun

Well I feel like I'm lost in time
Watching the world go by
Everything looks the same
Tired of playing games
It's been getting me down
I know what I need, what I need
California sun
California sun
California sun is calling, is calling me
Now I don't know what I'll find
Just want to get in the car and drive
It's time to escape the shade
Been living too long this way
It's getting me down
I know what I need, what I need
California sun
California sun
California sun is calling, is calling me
Leave my worries behind
Start a new life
Where no one knows me
It's just what I need
California sun (12 times)
