

# Jem, Finally Woken

Finally woken  
Finally woken

I've been thinking 'bout things  
For a long while  
I'm Feeling so calm  
I've got a big smile  
I have a view of the sun  
Right over the sea  
And now I can feel  
Life is flowing through me

You see I've finally woken  
From a long sleep  
I'm ready to jump  
To make that blind leap  
'Cause I now believe  
I have the power in me  
I've got the faith baby  
I can truly be free

Finally woken  
Finally woken

Child don't worry it's OK  
The sun is out for another day  
And I say it'll be alright (be alright)  
Today's the first day of the rest of your life  
Remember, remember, remember this, remember

Child don't worry it's OK  
The sun is out for another day  
And I say it'll be alright (be alright)  
Today's the first day of the rest of your life  
remember, remember, remember this, remember

Child don't worry it's OK  
The sun is out for another day  
Today's the first day of the rest of your life  
And I say it'll be alright (be alright)  
Remember, remember, remember this, remember

Finally woken  
Finally woken  
Finally woken  
Finally woken  
And I say it'll be alright  
And I say it'll be alright
