

Jem, I Want You To...

Maria, salimos esta noche?

-Ay, no se.

Maria, igual encuentras un chico guapo.

-No se, estoy cansada.

Sabes que? Que vas a salir y ser una gran noche.

Spinning round and
I touch the ground
An' I, let go of my mind
Let the music take
over my body
An' I start to unwind
Feel the heat as I rock the beat
An' I see your sexy smile
Intense attraction,
bodies like magnets
My, thoughts start to run wild

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me
I want you to...

Moving forward and
arching back
With that, hot look in your eye
Up so close I can feel
you touching me
No time to be shy
Head to head no I
won't be lead
Well I, I'll put up a fight
Feel the bass, now my
pulse is racing
And, I'm flying tonight

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me
I want you to...

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me

(De arriba nace el amor)
I want you to show me
I want you to love me
I want you to touch me
I want you to know me
(De arriba nace el amor)
I want you to...
