

Jem, It's Amazing(Sex And City Soundtrack)

<!-- Do it now
You know you are
You feel it in your heart
And your burning and wishin

At 1st wait,it won't be on a plate
Your gonna work for it harder and harder
And I know cause i've been there before
Knockin on door with rejection (rejection)
And you'll see cause if its ment to be
Nothing can compare to deserving your dream

(Chorus)
It's amazing its amazing all that you can do
Its amazing it makes my heart sing
Now its up to you

Pactents now frustration in the air
And people who dont care
Well its gonna get you down
And you'll fall (fall)
Yes you will hit a wall
Get back up on your feet
And you'll be stronger and smarter

And i know i've been there before
Knockin on door wont take no for an answer
And you'll see cause if its ment to be
Nothing can compare to deserving your dream

(Chorus)
It's amazing its amazing all that you can do
Its amazing it makes my heart sing
Now its up to you

Ooo-ooo-ooo
(electric voice)

It's amazing its amazing all that you can do
Its amazing it makes my heart sing
Now its up to you

It's amazing its amazing all that you can do
Its amazing it makes my heart sing
Now its up to you
Ahh-ahh-ahh) -->
