

Jemini, Cry Baby (Eurovision 2003)

Cry Baby

Love, love's not enough

I need your trust

But you don't try anymore

Hon, you still turn me on

Though your love has gone

And I don't want to cry anymore

I thought our love would last forever

Bye bye baby

You lied to me baby

I must have been crazy

Baby, bye bye

Cry, cry baby

You lied to me baby

Survive without you baby

Baby, bye, baby, bye bye

You're living a lie

You won't say goodbye

You just keep me hanging on

I've got my whole life to live

Got more love to give

Got to get a life of my own

I know you're looking for something else

Not gonna settle for anything less, so

Bye bye baby

You lied to me baby

I must have been crazy

Baby Bye Bye

It's your turn to cry, cry cry baby

You lied to me baby

I'll survive without you baby

Baby, bye, baby, bye bye

Bye bye baby

You lied to me baby

I must have been crazy

Bye Bye

It's your turn to cry

Cry cry baby

You lied to me baby

I'll survive without you baby

Baby, bye, baby, bye bye

I've had enough of baby love

I need a love that's strong and tough

Someone to hold me when things get rough

I need a love that's big enough

Bye bye baby

You lied to me baby

I must have been crazy

Baby bye bye

Cry, cry baby

You lied to me baby

I'll survive without you baby

Baby, bye, baby, bye bye

Bye bye baby

You lied to me baby

I must have been crazy

Baby

It's your turn to cry

Cry cry baby

(Oh no)

Cry cry baby

(I don't wanna cry)

Cry cry baby

Baby bye Baby bye bye

(Byeeeeeeee)
Ooooh baby
Bye bye
(Oh yeah)
Oh baby bye bye
Cry Baby
Cry Baby
Cry Baby
Cry Baby
Cry Baby
