

# Jen Foster, She

I have heard it said so many times, "Love is blind"  
So why are you staring?  
You say that love is all we need, well  
Does that apply to me?  
'Cause I have found someone  
That I think is beautiful  
And I have fallen in love  
And I'm telling you  
She  
Means everything to me  
She  
Makes me feel nothing else matters  
Not even what the world thinks of me  
They told me when I was a little girl, "Love's a pearl -  
You're lucky if you find it,  
So share that precious beauty with the world,"  
Now suddenly they say I've got to hide it  
But I have found true love  
And there is nothing you can do  
Just try and stop me, just try and stop us  
Good luck to you, 'cause  
She  
Means everything to me  
She  
Makes me feel nothing else matters  
Not even what the world thinks of me  
(She...she...she...)  
It's simple as can be  
I love her, she loves me  
This is what everybody dreams of  
There's nothing to be afraid of, there's nothing to be afraid of, after all it's  
only love  
'cause  
She  
Means everything to me  
She  
Makes me feel nothing else matters
