

Jennifer Day, Completely

I'll give my all or not at all
There's no in between
I'll give my best won't second guess
This feeling deep in me

You make me want to love you
With every breath I'll love you, endlessly
I'll give my heart, give my soul
I won't hold back, I'll give you everything
All of me completely

You fill me up with your love
Oh I just overflow
When we touch can't get enough
And I want you to know

You make me want to love you
With every breath I'll love you, endlessly
I'll give my heart, give my soul
I won't hold back, I'll give you everything
All of me completely

You make me want to love you
With every breath I'll love you, endlessly
I'll give my heart, give my soul
I won't hold back, I'll give you everything
All of me completely
