

# Jennifer Day, Yeah Right

Um, I don't wanna say it.... heh, yeah right...

Oooo, yeah,

Ya haven't said it yet, but I bet,  
You were about to,  
Well, I'm a modern girl,  
And I can live with or without you,

You ain't gettin' to me, I'm cool,  
I'm never gonna be your fool,

Yeah right,  
Just look at me,  
I know you can see,  
How fast, how far, I've fallen,  
Way over my head,  
Whatever I said,  
Well, that was my pride talkin',

You're the last thing I ever needed,  
And I don't need air to breathe and,

No, I'm not in love,  
Yeah right,

I told everybody else, and myself,  
Love was overrated,  
It's not for me, couldn't see,  
How I'd ever be persuaded,

And I was usin' you to pass the time,  
Well, forever never crossed my mind,

CHORUS

Yeah, right away, I knew,  
That it had to be you, (that it had to be you)  
Yeah, you,  
Yeah,

CHORUS
