Jennifer Kae, Ok

Apparently there are risks that we all take, and sadly we always make mistakes

And we line up dreams in the hope some day, that they all into place

It"s pointess conwersation, ypu hear it everyday No use complaining, but I'll say it anyway Ref.

I'm not broken only bruised, I'm ok
So forgive me if I miss you
Don't be thinking I'm confused, I'm ok
It's just a little too much too late
Obviously my apology came to late
And probably dishonesty is to blame
But if it's give and take then it's such a shame that
there's nothing left to save
It"s pointess conwersation, ypu hear it everyday
No use complaining, but I'll say it anyway

I'm not broken only bruised, I'm ok So forgive me if I miss you Don't be thinking I'm confused, I'm ok It's just a little too much too late It's not complicated, i know what I'm running from I never thought I'd have say it, I've got to get it together and move on
