[Ja Rule]

Murder Inc

It must be the ass

That got me like damn

If it get any badder

Man the rule gonna hafta get at her

And our situation won't matter

I come to make you smile

In the freakiest manners

J to the L-O

Hello, I'm Lee Harvey Oswald

I'm the rule in the shot call

Off the wall

Like M.J. in his early days

It's the Inc. and Lopez now

[Jennifer Lopez]

Ain't it funny

It's been awhile since you came around

Now you wanna see what's goin' down

Tryin' to tell me how you want my time

Tryin' to tell me how I'm on your mind on your mind

See it never had to be this way

You should play the games you play

Now I'm seein' that you're kind of

Knowin' how the situation changed

[Jennifer Lopez]

Ain't it funny

Baby that you want me, when you had me

Love is crazy, now I can smile and say

Ain't it funny

Baby that you want me, when you had me

Love is crazy, I'm glad I can smile and say

Ain't it funny

[Jennifer Lopez]

I remember how you walked away

Even when I tried to call your name

See at first I didn't understand

Now you're lookin' like a lonely man lonely man

I remember how you did me wrong

And now you're hurtin'

Everybody gets a chance to burn

You can take it as a lesson learned

[Jennifer Lopez]

Ain't it funny

Baby that you want me, when you had me

Love is crazy, now I can smile and say

Ain't it funny

Baby that you want me, when you had me

Love is crazy, I'm glad I can smile and say

Ain't it funny

[Caddillac Tah]

Spit the ism, hit em, get rid of em, and you know Tah

How they want me, see me workin' wit money

But Cali ain't a dumb sucker  
What these brodies want from me?  
Cos all I got is G, J.Lo  
And Murda I.N.C.

[Jennifer Lopez]  
I really wish you would send me gifts  
Tryin' to make me sit and reminisce  
Tryin' to blind me with your bling bling  
Thought I told you love don't cost a thing  
Love don't cost a thing  
Hope you realize that now I'm cool  
And I ever wanna hear from you  
I ain't had enough of bein' there for you  
Now I'm laughin' while you play the fool
