

Jennifer Lopez, Hooked On You

I am hooked on you
I am ready to go
I am ready to dance
Are you?
I wanna see it
Lights turn always like 90 degrees
Your standing on the wall but baby not me
Taking center stage come on the floor
Rolling till I break doing this and more
Lights turn always like 90 degrees
Your standing on the wall but baby not me
Taking center stage come on the floor
Rolling till I break doing this and more
Do it to the floor, boy shake
Do it till the windows break
The whole room vibrates
And it's like an earthquake
Do it to the floor, boy shake
Do it till the windows break
The whole room vibrates
And it's like an earthquake
Just lace them shoes tight
And bring it down to the floor (that's right)
Under these lights (we working it hard)
I take him back to the hood
Cause I'm hooked I'm hooked on you.
I'm hooked, I'm hooked on you
I'm hooked, I'm hooked on you
On you, on you
I say it again like I said it before
I'm in the middle took it to the floor
Shadows on the wall, steam is on my back
Sweat dripping hard, feel it drip, drip, drop
I say it again like I said it before
I'm in the middle took it to the floor
Shadows on the wall, steam is on my back
Sweat dripping hard, feel it drip, drip, drop
Do it to the floor, boy shake
Do it till the windows break
The whole room vibrates
And it's like an earthquake
Do it to the floor, boy shake
Do it till the windows break
The whole room vibrates
And it's like an earthquake
Just lace them shoes tight
And bring it down to the floor (that's right)
Under these lights we working it hard
I take him back to the hood
Just lace them shoes tight
And bring it down to the floor (that's right)
Under these lights we working it hard
I take him back to the hood
Cause I'm hooked I'm hooked on you.
I'm hooked, I'm hooked on you
I'm hooked, I'm hooked on you
On you, on you
Just lace them shoes tight
And bring it down to the floor (that's right)
Under these lights we working it hard
I take him back to the hood
Cause I'm hooked I'm hooked on you.
I'm hooked, I'm hooked on you
I'm hooked, I'm hooked on you

On you, on you
Look right here baby don't stop now
Forget them people and forget the crowd
Loving in the club no not right now
Sweating until it hurt while the music's loud
Look right here baby don't stop now
Forget them people and forget the crowd
Loving in the club no not right now
Sweating until it hurt while the music's loud
Like that, like that
I like it like that
I like it like that
My neck and my back
Like that, like that
I like it like that
I like it like that
My neck and my back
Just lace them shoes tight
And bring it down to the floor (that's right)
Under these lights we working it hard
I take it back to the hood
Cause I'm hooked I'm hooked on you. (on you)
I'm hooked, I'm hooked on you (on you)
I'm hooked, I'm hooked on you (on you)
On you, on you
You, you, you, you
