

Jennifer Lopez, In A Fantasy

I Just can't control myself I cant be with no one else
It seems I'm addicted to the way u like to touch me.
I don't think they understand why I love at your command
From the words you speak so deep my body's weak I have to have you.

I love you
Your perfect
A manifestation of a dream
You make my body feel about A million different things.

I think god made you for me a mix of
Passion and fidelity baby your so complete
I write this song to let you know that you
Will always be to me my lust, my love, my man, my child,
My friend, and my king.

I love you
Your perfect a
Manifestaion of a dream
You make my body feel about a million different things
There's no way I'd leave you,
Just not a reality
Sometimes I feel Like I'm
Living In a fantasy
